

How To Change Your Dial-In Number

Here are step-by-step instructions for changing the phone number that your computer dials to connect to EdZone. If you need additional help, please contact the EdZone help desk so we can assist you in getting your new dial-in number in place.

- 1 From the Desktop double-click on your Dial-up Connection: 
- 2 Click on **Properties** from the menu.
- 3 Enter a number local to you. For example, **579-1245** for the St. Johns area. Check the EdZone Dial-In Numbers on our website for a number local to you.
